Please read each section carefully, and feel free to ask questions of our faculty and staff. We are here to help you.

We are excited about your time of study and fellowship at Rochester University. But even more, we look forward to a time in the not-too-distant future where we can release you towards your calling! May your time here at Rochester University help you to become the person He has destined you to be.

Yours for the journey,

Dean of Students

Rochester University Mission

This section describes the mission of Rochester University. Rochester University has elected to separate this mission into two components: the mission proper, and statement of the general strategy by which we accomplish this mission.

Mission

The mission of Rochester University is to educate students to be good citizens and competent leaders to serve communities through programs of Christian higher education.

Biblical Foundations Statement

We believe that the Scripture of the Old and New Testament are the inspired Word of God and the only standard for faith, and academic discipline.

We believe that there is one sovereign God, eternally existing in three persons: the everlasting Father, His only begotten Son, Jesus Christ our Lord, and the Holy Spirit, the giver of life.

We believe that God has revealed Himself and His Truth in the created order, in the Scriptures, and supremely in Jesus Christ.

We believe that God has created humanity in His image and likeness, but because of the disobedience of Adam and Eve, all humankind was alienated from God and lost.

We believe that Jesus Christ is the Messiah, the Son of God, born of the Virgin Mary, who died on the cross, was physically resurrected from the dead, ascended into heaven, and will one day return in His glory to reign upon the earth.

We believe that the Lord Jesus Christ died for our sins, according to the Scriptures; whoever believes in him shall not perish but have everlasting life.

We believe that the Holy Spirit indwells and gives life to believers, enables them to understand the Scriptures, empowers them for godly living and equips them for service and witness.

We believe that the Church is the body of Christ and that the people of God are called to community, worship, discipleship, mission, and education.

Institutional Objectives

To achieve the mission, Rochester University has developed following institutional objectives:

1. To develop quality programs for students to build a comprehensive knowledge of the bible and Christian doctrine measured by assessment in theological training and coursework.
2. To create a positive standards-based learning environment where students generate a life-long commitment to good citizenry through applied personal, vocational, and academic learning and community activities.
3. To foster skills and training for students to enter ministerial and professional roles where they apply leadership and doctrinal knowledge within careers.
4. To produce theological programs that enhance student leadership, intercultural awareness, and sense of service, that ultimately generate professional, church, career, and community outcomes.
5. To evaluate learning outcomes in personal and professional contexts by demonstrating ethical practices and community engagement rooted in biblical teaching.

Values

Rochester University's core values define the character of the institution and are active ingredients in all that the University does. Through our commitment to these values the University can better serve and be more responsive to its students, staff and community:

Integrity – At in an honest, fair and ethical manner, creating a culture of trust evidence in all activity and decision- making.

Excellence –Seeking high standards for delivering high-quality programs, teaching, service scholarship, and research performance with commitment to continued development.

Accountability – Ensuring academic integrity, continued assessment and fiscal integrity and value through keen management of resources available for the institution.

Leadership – Serving the community with humility, respect and cultural sensitivity.

Respect – Embracing cultural diversity and treating others with civility, honor and professionalism in all matters.

Innovation – Encouraging, probing and supporting new idea by fostering creativity, and creating an environment with chance to grow.

Philosophy of Education

1. The Rochester University is a Christian University; the Bible is the heart of the curriculum. The absolute inerrancy and authority of the Scripture are paramount. We believe that the tools of exegesis are essential in preparing students for the ministry, so that they may become capable expositors of the Word of God.
2. Recognizing the limitations of a primarily doctrine teaching. This doctrine must be translated into practical Christian service. Therefore, our faculty must not only be highly qualified in academics and instructional methodologies, but they also must be excellent spiritual and moral examples.
3. We encourage students a heart for evangelism and missions, and the integration of biblical teaching and values into every aspect of life are emphasized. It is imperative for students to be involved in practical “hands-on” ministry and mission to complement their university studies.
4. Education, as the process of teaching and learning, involves the whole person, developing the knowledge, values, and skills which enable the individual to change freely.

Community Life

This section describes our relationship to one another as a community of Christian believers.

Rochester University has chosen to set itself apart for the purpose of preparing Christian leaders to transform the world for Christ at every level from the local church and community levels to the realm of world culture. Students, by their voluntary membership in this Christian community, assume responsibility toward one another in the community and will use personal discretion involving any activities that may be morally or spiritually destructive or reflect poorly on the campus community.

Community standards and codes of conduct are in place for the express purpose of moving students towards Christian maturity and service while fostering an environment that is conducive to academic learning and personal growth.

Philosophy of Community

Rochester University is a community of believers dedicated to preparing Christian leaders to transform the world for Christ. So that the Body is built up in love (cf. Ephesians 4:16) faculty, staff, and students encourage one another to be conformed to the image of Christ (cf. Romans 8:29). The primary model for relationships should be Jesus' command to love one another (cf. John 15:12), which works itself out in full expression as the fruits of the Spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control (cf. Galatians 5:22, 23). This community commits itself to live in unity, to put aside any deception or slander, and to edify one another to develop the fundamental attitudes and character necessary for leaders in the church and in the world (cf. Psalm 133; Philippians 2:1-4; Ephesians 4:1-5:21). In keeping with this commitment, Scripture compels us to voluntarily abstain from behaviors that are illegal, immoral, or unethical. (See the Code of Conduct on pages 13-16 for examples of such behaviors.)

Ethnic Diversity

The Christian community includes believers from every racial and ethnic background. Revelation 5:9 says, "You are worthy to take the scroll and to open its seals, because you were slain, and with your blood you purchased men for God from every tribe and language and people and nation." Our prayer for Rochester University is that God would send us men and women from every tribe and tongue and people and nation to train as Christian leaders. Therefore, we admonish all students to remove from their worldview, their speech, and their actions any bias they may harbor based upon racial or ethnic origins. We encourage students to see the beautiful diversity that God has created in His people and in the church. Racism in any form will not be tolerated and will be met with serious disciplinary action including, but not limited to, mandatory counseling, voluntary withdrawal, suspension, and expulsion. These and other disciplinary actions are described in the section entitled Disciplinary Process, part of the Disciplinary Policy in this Handbook.

Sexual Harassment Policy

Rochester University's policy is to maintain a working and learning environment free from the sexual harassment of students, employees, and those who apply for student and employee status. Any behavior determined to constitute sexual harassment will be viewed as neither complimentary nor humorous and will be subject to disciplinary action.

Rochester University recognizes that the perception of sexual harassment is often subjective and that the circumstances surrounding the conduct, as well as its pattern, frequency, and severity, need to be considered.. Although harassment may come from an individual in a position of power or influence, sexual harassment can occur between any two individuals regardless of gender, employment status, work relationship or academic association. Sexual harassment may be verbal, graphic, written, or physical in nature, each of which may be grounds for disciplinary action. Rochester University defines sexual harassment in the following manner:

1. Sexual harassment includes such behavior as sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature directed towards an employee, student or applicant. For example:

- Making unsolicited written, verbal, physical or visual contact with sexual overtones. (Written

examples: Suggestive or obscene letters, notes, and invitation. Verbal examples: Derogatory comments, slurs, jokes, epithets [name-calling]. Physical examples: Assault, touching, inappropriate embracing, impeding, or blocking movement. Visual examples: Leering, gestures, display of sexually suggestive objects in pictures, cartoons, or posters.)

- Continuing to express sexual or amorous interest after being informed that the interest is unwelcome. (Reciprocal attraction is not considered sexual harassment.)

2. The conduct has the purpose or effect of interfering with a student's academic performance, forming an intimidating, hostile, or offensive or otherwise adverse learning environment, or adversely affecting any student.

3. The conduct has the purpose or effect of interfering with an employee's work performance, or creating an intimidating, hostile, offensive or otherwise adverse working environment.

If a student believes that he or she has been sexually harassed, he or she should provide a written complaint to the Academic Dean (if the complaint is against a faculty member), the Dean of Students (if the complaint is against another student), or the office of the President (if the complaint is against a non-faculty employee), as soon as possible after the incident. This complaint must include details of the incident or incidents, names of the individuals involved and names of any witnesses. The Rochester University will immediately respond to any written and signed complaint.

If the Rochester University determines that sexual harassment did occur, action will be taken in accordance with the circumstances involved. Any administrator, faculty member, staff member or student determined by this investigation to be responsible for sexual harassment will be subject to appropriate disciplinary action, up to and including dismissal, termination, or legal remediation. Those parties directly involved will be notified in a timely fashion regarding the results of the investigation. The Rochester University strongly encourages students to immediately report all incidents of harassment listed in this policy. The Rochester University will not retaliate against anyone for filing a complaint nor tolerate or permit retaliation by administration, faculty, staff, or fellow students.

If a student feels that the above stated policies regarding sexual harassment have not been carried out, he or she is encouraged to follow the procedures set forth in the grievance policy.

Academic Freedom Policy

- Rochester University is committed to the academic freedom of faculty and students.
- Academic freedom functions within Rochester University's mission statement and statement of wisdom. Specifically, within the mission statement, the faculty member takes the role of being a Civic leader in order to model civic leadership to students.
- Faculty members, as well as students, are free to hold and express opinions about material offered in their courses, and this right must not be impinged on by threats, force, or other intimidation; however, Students have the right to disagree with the conduct or content of courses and to seek change, but such freedom does not include the right to disrupt orderly classroom activities or to avoid fulfillment of the expectations of the course; however,

Academic freedom for faculty members must include a means for seeking the censure or dismissal of students guilty of disruption, destruction, or unethical classroom behavior.

- Academic freedom for faculty members includes the right to judge and grade the academic performance of students.
- Academic freedom includes the right of students to be fairly and competently evaluated and graded. Punitive grading is not acceptable except in cases of cheating or plagiarism.
- Students have the right to the instruction promised them in official university publications.
- It is not inappropriate for faculty and students, both in and out of classes, to meet and share their views on a wide spectrum of intellectual and social issues. It is proper for students to seek, and faculty to choose, professionally responsible ways to relate subject matter of courses to those social crises that arise temporarily and unpredictably
- In the event of temporary departures from the normal course of instruction to discuss campus issues or community problems, faculty should make reasonable efforts to find ways of making up for missed material. In most foreseeable, if not all circumstances, instruction is to take place at the time and location indicated in university publications except in such usual academic practices as field trips, classes meeting off campus by prior arrangement, and experimental course procedures approved by the department and for which students have received notice prior to registration.
- Academic freedom includes the right of both faculty and students to seek censure of faculty members by complaint, petition, or seeking discipline for incompetence or unprofessional behavior.
- Students in all academic disciplines have a right to receive effective presentations of a broad spectrum of philosophies relative to those disciplines. This does not mean that each faculty member must give equal weight to all theories appropriate to his/her discipline, even though objectivity is ordinarily assumed to characterize scholarly pursuits; rather a spectrum of philosophies or theories should characterize the total offerings within a field.
- Academic freedom for all members of the academic community demands that channels of administrative communication be open in both directions, and that they be used regularly and effectively.
- The responsibilities in academic affairs placed upon deans, department chairs, and faculty members should be clearly spelled out and should be respected in the operation of the university. The placing of responsibility should be accompanied by the delegation of the authority necessary to discharge it.

This statement is consistent with the recommendations of the American Association of College Professors (AAUP) in general (<http://www.aaup.org/AAUP/issued/AF/>) and with the AAUP's 1940 Statement of Principles on Academic Freedom and Tenure (<http://www.aaup.org/AAUP/pubsres/policydocs/1940statement.htm>). Note that Rochester does not intend, by adopting this policy, to institute a tenure system.

Disciplinary Policy

The primary goal of the Rochester University Disciplinary Policy is always to pursue the full restoration of the involved student. With this goal in mind, the suspension of a student from Rochester University is not a desired result, but suspension may occur if a student shows an unwillingness to comply with or meet the

objectives of restorative action. Intermediate consequences are employed whenever possible to avoid suspension or expulsion from school. Each incident is reviewed on a case-by-case basis, with consideration of (1) the severity of the violation, (2) the context of the incident, (3) a history of prior misconduct, (4) the responsiveness of the accused to confrontation, and (5) the degree to which the individual displays genuine repentance. Suspension, expulsion, and other disciplinary actions are described in the section entitled Disciplinary Process later in the Handbook.

Community members are expected to provide firsthand testimony that will bring greater clarity and understanding to school officials while they are investigating possible infractions or processing disciplinary actions. Some may view withholding information as a means of “protecting” others, but this practice is unbiblical (cf. Proverbs 14:25, James 4:17) and is ultimately destructive to our community.

While painstaking efforts are taken to maintain consistency from case-to-case and individual-to-individual, confidentiality often prevents the disclosure of details that contribute to a disciplinary decision, occasionally resulting in unanswered questions regarding an outcome. Uninformed community members are asked to extend the benefit of doubt to officials, knowing that prayerful consideration has been employed in the proceedings and the subsequent outcome.

The Dean of Students serves as the chief student conduct officer for Rochester University and works with the other administrators to resolve disciplinary matters. The following guidelines are used to establish continuity for administering consequences for violating community standards.

Guidelines for Imposing Consequences

The following guidelines are designated to establish a system of continuity for administering consequences for the violation of community standards. The administrator(s) should typically employ the following guidelines in determining an appropriate consequence, unless there are exceptional circumstances that warrant an alternative response on the part of the Rochester University.

Level 1 Violations: These are minor violations. Customary action would include, but is not limited to, a verbal or written warning with the possibility of additional sanctions.

Level 2 Violations: These are intermediate violations that may indicate a breach in judgment or character on the part of the violator. Customary action would include, but is not limited to, behavioral probation with additional sanctions, a limited-term suspension including campus visitation, and/or required reduction of semester hours.

Level 3 Violations: These are major violations and will be dealt with accordingly. Often Level 3 violations are also criminal acts. Customary action would include, but is not limited to, suspension with additional sanctions, or expulsion. When appropriate, the Rochester University will refer the incident to law enforcement authorities.

Note: Disciplinary action is customarily cumulative. Consequently, multiple individual lower-level violations could result in a higher level of consequence.

Mandatory or Minimum Consequences

In order to establish a healthy community environment and influence lifestyle choices by which its members may be successful in attaining the mission of the institution, the Rochester University takes an unequivocally firm stand on student misconduct that falls in the following categories:

- Intoxication and drunkenness
- Drug possession and/or use
- Sexual misconduct
- Violent acts
- Endangering the safety of others
- Plagiarism or other forms of lying or cheating
- Non-compliance with the request of Rochester University official or representative acting within his or her official capacity.

The Rochester University believes that lifestyle choices and behaviors that fall in these categories have the greatest propensity for diminishing an individual's academic success and spiritual formation and are likely to negatively impact the quality and character of the campus community. Thus, these violations are met with a minimum consequence of suspension.

Disciplinary Process

Should a student fail to meet the standards or spirit of this handbook and it becomes necessary to impose disciplinary action, the remedies will be used:

- **Corrective Measure:** The failure of a student to meet a standard or the intent of a standard may be brought to the attention of the student by faculty, staff, or peers. The goal of a corrective measure is for the student to recognize his or her failure to meet the standard, to take immediate action to meet the standard, and to agree to comply with the standard in the future. This remedy is commonly warranted when dealing with Level 1 violations.
- **Restorative Action Plan:** A student who does not meet the standards of this handbook following the correction measure, or a student whose failure indicates a lack of biblical integrity or character, will be required to meet with the Dean of Students, Academic Dean, and/or President. The purpose of this meeting is to develop a restorative action plan to resolve the issue and help the student grow and develop in integrity and character. Restorative action may include specific task assignments, restrictions, prohibitions, accountability meetings, and/or limited-term suspension. This remedy is commonly warranted when dealing with Level 2 violations. If the student does not agree to the restorative action plan, or if the student fails to meet the objectives and specific goals of the restorative action plan, the student progresses to the next step in the Disciplinary Policy.
- **Voluntary Withdrawal:** A student's failure to meet the objectives and specific goals specified in the restorative action plan will be reviewed by the Dean of Students, Academic Dean, and/or President. If the student believes that he or she could be best served by returning to his or her

home church, the student may make a request to the Rochester University administration to voluntarily withdraw from Rochester University. This cooperative decision by the involved student and the Rochester University administration has the goal of returning the student to the pastoral care of the local church for restoration. Consequently, the Rochester University will discuss the matter with the student's pastor as a condition of the withdrawal. At the time of this voluntary withdrawal, the Rochester University administration will define specific administrative requirements that must be fulfilled for the readmission of the student to Rochester University. Documentation of this voluntary withdrawal and the requirements for readmission will be placed in the student's file.

- **Suspension:** A failure by a student to meet the objectives and specific goals specified in a restorative action plan or other corrective measure will be reviewed by the Dean of Students, Academic Dean, and/or President. The administrators will consider suspending the student from Rochester University. Suspension is the involuntary separation of a student from the Rochester University for a specific amount of time. If suspension for one or more semesters is deemed necessary, the student will receive a failing grade (W/F) in all classes in which he or she is enrolled, and the Rochester University administration will define specific administrative requirements that must be fulfilled for the readmission of the student to Rochester University. Documentation of this suspension and the requirements for readmission will be placed in the student's file. During suspension the Dean of Students may suspend a student's access to the Residence Hall, apartments, campus community, or may, in cooperation with the Academic Dean, suspend a student's access to faculty members and the classrooms.
- **Expulsion:** If, in the opinion of the President of Rochester University, a student's behavior or character so disqualifies him or her from Christian service that successful completion of any Rochester University program seems unlikely, the President will direct that the student be dismissed indefinitely. Such a dismissal is called "expulsion." A student who is expelled will receive a failing grade (W/F) in all classes in which he or she is enrolled and is not encouraged to apply for readmission.
- **Appeal:** If a student has new information that might affect the decision of a particular administrator, faculty member, staff member, or any official Rochester University committee holding disciplinary powers, the student may submit an appeal in writing, within five working days of notification of the Rochester University's decision, or of the time that the new information came to light. The written appeal is to be submitted to the Dean of Students requesting a hearing with the Disciplinary Committee. A copy of this appeal and the response from the Rochester University administration will be placed in the student's file. Note: The written appeal should include the new information and an explanation of how the current decision might be affected.

In cases where there is no new information to be presented or the decision has resulted in the termination of student status, the student may request that his or her written appeal be forwarded to an Appeals Committee for review. The Appeals Committee is an *ad hoc* committee comprised of three individuals from the pool of Rochester University officials unrelated to the decision. The Dean of Students will serve on the committee as the Rochester University's representative. A student representative may also serve as a member of the committee. Any adjustments to the

prescribed representation will be discussed in advance of the review.

Note that the role of the Appeals Committee is not to rehear the case and render a second judgment, but to determine if the disciplinary process has been fair and reasonable, the evidence supports the findings, and the consequences are justified by the criteria established in this handbook. The committee will either uphold the decision as sufficiently meeting the aforementioned criteria or submit recommendations to the respective dean for considered implementation. The dean's subsequent decision then becomes final.

Readmission After Withdrawal or Suspension

A student who voluntarily withdraws or who is suspended from Rochester University for one or more semesters may apply for readmission upon fulfillment of the following conditions:

- Any minimum time requirements agreed to at the time of voluntary withdrawal or suspension have been met prior to a student applying for readmission.
- All requirements of a restorative action plan agreed to at the time of voluntary withdrawal or suspension have been met prior to a student applying for readmission.
- A detailed pastor's reference has been submitted to the Rochester University from a pastor who has observed the student's life and behavior for not less than six months prior to the application date. This reference must be positive in nature, indicating that the pastor believes that the student is ready to fully comply with the policies and guidelines of Rochester University and that he or she considers the student ready for readmission to Rochester University without any qualifications or reservations.
- A second reference has been submitted to the Rochester University from a mature Christian adult who has observed the student's progress over a minimum period of six months. This reference must also indicate a positive growth in character and a readiness to resume study at Rochester University.
- A personal interview by a designated faculty member or administrator of the Rochester University that leads to the recommendation that the student has grown in character and that he or she is capable of completing a program at Rochester University.

A final decision to re-admit a student to Rochester University will be made following a review of the preceding criteria by the Admissions Committee, Dean of Students, Academic Dean, and/or President.

Student Department

Since Rochester University functions as a community of believers, students are to demonstrate a respectful attitude in all encounters with administrators, professors, staff personnel, campus guests, and other students. This standard applies to all areas of behavior, speech, and overall deportment. The same courtesy is to be returned to each student in the treatment they receive from others. Deviation from this standard will result in a review of the incident with the involved people by the Dean of Students. Following this review, the Dean of Students will make an appropriate restorative recommendation.

Each professor is responsible for maintaining a classroom environment that is conducive to learning. If a student is asked to refrain from a disruptive behavior or is asked to leave the classroom, the student must do so immediately and respectfully. If asked to leave the classroom the student must report to the Dean of Students. If necessary, the Dean of Students will meet with the involved people and assign additional restorative action as necessary. Should it become necessary, the Dean of Students will advise the Academic Dean and the President of allegations of faculty or staff misconduct.

The Dean of Students will review any incident of a student threatening the physical well-being of a person or property. Following this review, the Dean of Students will assign a restorative action plan that could include reporting the incident to local law enforcement officials, imposing personal restrictions on the involved students, or recommending dismissal of the person from Rochester University. Should it become necessary, the Dean of Students will advise the Academic Dean and the President of allegations of faculty or staff misconduct.

International Students

Rochester University is authorized under federal law to enroll non-immigrant students.

International students seeking admission to the University should write to the Registrar seeking current information about the school admission policies. Many of the forms needed to enter the U.S. or change status are available online at <https://studyinthestates.dhs.gov>

While the information in this section is believed to be accurate at the time of publication, you should always consult official information available online or through a U.S. Embassy or Consulate.

In order to satisfy U.S. immigrant law, students should be familiar with the following requirements.

All international students are required by law to maintain an up-to-date permanent and local address with the Rochester University Registrar and to update Rochester and the U.S. Department of Homeland Security of any address change within 10 days.

For more information, please contact our administrative office.

Denial of Admission

Rochester University reserves the right to deny admission to any applicant due to the following reasons:

1. The applicant does not meet the standard admission requirements.
2. The applicant is unable to participate or learn in class due to physical, mental, or emotional reasons.

3. The applicant is unable to meet financial commitments to the school.
4. The applicant exhibits lack of personal motivation or is incompatible with the philosophy of the school regarding learning.
5. The Administrator has the right to deny admission to any applicant to whom it is deemed the classes are not beneficial for the student.

Falsification of Official Documents

Upon the discovery of submission of forgery of official documents (i.e. Passport, Alien Registration card, Picture I.D, Social security number), the enrolled student shall be dismissed from the school and his forged documents reported to the appropriate state or federal authorities or agencies.

Transfer Credit Evaluation

Transfer applicants can receive academic credit completed prior to transferring to Rochester University. Credits earned at other institutions will be evaluated using the following criteria:

1. The maximum number of credits accepted for transfer credits permitted by the California Bureau for Private Postsecondary and Education (BPPE) at the time of admission.
2. Transcript copies must be forwarded to the Dean of Academics for evaluation.
3. Courses under consideration must have a grade of “C” or higher.
4. Only those courses that are substantially comparable to Rochester University courses will be considered for evaluation.
5. Maximum transfer credit allowed for Bachelor of Theology degree program is 90 quarter credit units. For the Master of Theology degree program, maximum transfer of credit allowed is 24 quarter credit units. Maximum transfer credit allowed for Master of Divinity degree program is 40 quarter credit units.

Academic credit received from regionally and nationally accredited institutions are usually transferable to Rochester University, provided they satisfy the requirements for the particular program in which the student is enrolled.

In order to request this transfer, a transfer student should arrange for an official transcript (signed and sealed) to be mailed directly from the previous institution to Rochester University’s Registrar’s Office.

Transfer credit must be a grade of C or better (or pass, in pass/fail courses where a pass is equivalent to a C grade or better) and have been completed within the past 10 years.

Under exceptional circumstances and with the approval of the director of faculty meeting, transfer of credit may be possible from unaccredited institutions. The same procedures and requirements as previously noted apply.

Rochester University is on the quarter system. Student transferring from an institution on the semester system can calculate the value of transferable credits at Rochester University by counting quarter units as two-thirds of a semester unit.

In order to qualify for the transfer of general education courses, the course sought for transfer must be deemed sufficiently comparable to any such course taught at Rochester. A course syllabus from the

previous class may be required.

After review by the admissions officer and senior faculty in the program to which entry is desired, the final decision is at the discretion of the Academic Dean. This decision is dependent upon the accreditation status of the previous institution, the level of academic rigor involved in said courses, the grade received by the student, and the level of similarity between that course and those which our programs may offer.

Transfer credits are not computed in a student's qualitative grade point average. Transfer credits are counted as credits attempted and earned for the purposes of calculating a student's progress in the program.

AP Credit Policy – Rochester University

Rochester University acknowledges the merits of the Advanced Placement Program, sponsored by the College Board and administered by Educational Testing Service, and will grant students credit for AP exams taken during their high-school years (i.e., grades 9 through 12 [or the equivalent]).

To receive credit, a student must earn a minimum score of 4 on an AP exam whose content is deemed comparable to that of a course currently offered by Rochester States. (In some cases, an AP score of 3 may be accepted.)

Rochester States reserves the right to determine:

- (1) whether a given AP exam's content is suitably and sufficiently comparable
- (2) whether a score lower than 4 on a given exam will be acceptable for credit
- (3) how much total AP credit will be counted toward a student's degree requirements

Articulation Agreements

Rochester University does not currently have articulation or transfer agreements with other institutions.

Policy on Evaluation of Foreign Transfer Credits

The university conducts a complete evaluation of transcripts for foreign transfer credits submitted by the students who have received their degree at a college or university outside of the United States.

All applicants must provide one official transcript (in a sealed envelope) and an official certification of degree, with date awarded. If a student has attended more than one college or university, separate transcripts must be submitted. To be official, transcripts and certificates must bear an original seal and/or signature of the school's registrar or of the appropriate school official or office. Photocopies are not acceptable.

Student records, including your transcripts and certification of degree, submitted to the university become the property of the university and cannot be returned to or copied for the student or released to a third party. Please do not send your only original copy of your transcripts/degree certificate. If you have questions about your documents prior to submission, please contact our registrar's office.

Course work completed at one institution but listed on the record of a second institution is not acceptable. A separate copy of the record from the first institution is required. If these documents are written in a language other than English, a certified translation in English must be provided together with the original language records. Any translated record should be a literal and not an interpretive translation.

All students are advised to submit all required documentation as early as possible so as to not delay the evaluation process. In the event that the university receives documentation that is questionable, or suspicious in any way, the university will verify authenticity with the issuing institution. If an institution must be contacted for verification, the evaluation process will be placed on hold until the university has received all necessary information.

In addition to official transcripts and certification of degrees, a course-by-course credential evaluation is required of all students who have attended a college or university outside the United States. Credential evaluations are accepted from World Education Services (WES) only. All documents required by World Education Services (WES) must be submitted directly by the applicant. The university is not responsible for forwarding any documents received by our office to these evaluating agencies.

Grievance Policy

Rochester University, in the administration of discipline, guarantees procedural fairness to an accused person, whether the person is a Rochester University student, or staff/faculty member. In pursuit of its policy of openness, accountability, and responsiveness to students, the institution provides established grievance procedures. The President's Office or the office of Dean of Academics shall maintain a file on each grievance reported, including the procedures followed, and the final disposition of the case.

Definition of Grievance

A grievance is a complaint arising out of any alleged, unauthorized, or unjustified act or decision by a student, faculty member, administrator, or staff person, which in any way adversely affects the status, rights or privileges of a member of the student body. The burden of proof shall rest with the complainant. If a student has a grievance, and wishes it to be recognized as such, a written complaint must be submitted to Rochester University in petition form or in letter format. The written grievance must clearly state the student's name, the nature of the complaint, the name(s) of all parties directly involved in the complaint, and any appropriate documentary evidence.

Steps toward Resolution

Based upon the information presented in the grievance, steps toward resolution shall begin with informal discussions, headed by the Dean of Academics or Dean of Students. Resolution shall be attempted at the lowest possible level.

Procedures for Official Hearings

If informal recourse fails to resolve the grievance within a reasonable time after filing, then the President of Rochester University will schedule a Student Grievance Committee meeting. The voting members of this committee shall be comprised of the Dean of Academics, Dean of Students, and one faculty member who shall sit on the committee on a rotating basis.

A copy of the grievance shall be given in writing to the person(s) against whom the complaint is brought. The Committee shall review and consider documentary records, which relates to the case, including the grievance and its supporting documentation, and any documentary evidence or statement by the person(s) against whom the complaint was filed. Committee members shall arrive at a judgment in consultation among themselves. A majority vote of such members may make recommendation, as appropriate, for disciplinary actions, or for changes in policy.

Complaints

Rochester University is a religious exemption school from the California Bureau for Private Post-secondary Education (BPPE). The Bureau has a formal Policy concerning Complaints Against an Institution. As per the CEC § 94909 (a)(3)(C), "A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the Bureau's internet website www.bppe.ca.gov."

Mediation Policy

In I Corinthians 6:1-8, Paul enjoins believers to avoid lawsuits before unbelievers. In the event that a student believes that he or she has a grievance with any member of the Rochester University community, and he or she is unwilling to "be wronged [or] defrauded" (I Corinthians 6:7) that student may opt to pursue mediation in accordance with the Grievance Policy. This Mediation Policy describes the process a student should follow if he or she and the other party both agree to mediation.

In the event that two or more parties desire to seek resolution through non-judicial mediation, each party will select a person who is willing to assist in the mediation process. (Rochester University recommends that students consider selecting a pastor or other leader in a local church.) The students will then advise the Dean of Students of their choice. These mediators will jointly select one additional mediator who is also willing to serve in assisting the students. The mediators will review the facts and allegations and will propose a solution to the parties in dispute. The resolution is not binding on the parties in dispute unless the parties have previously agreed that the decision is to be binding. Any costs associated with this mediation are to be shared by the persons desiring mediation. The formula for cost sharing will be determined by the mediators and is binding upon the persons requesting mediation.

Spiritual Life

Every student at Rochester University is responsible for pursuing and nurturing his or her relationship with God. Rochester University attempts to facilitate the spiritual life of students through church meetings, small groups, and other activities. Students should make use of every opportunity to grow closer to God and to each other through these activities.

Spiritual Enrichment

In the Gospel of Mark, Jesus said that the most important commandment is to love the Lord with all of your heart, soul, mind, and strength and to love your neighbor as yourself. Jesus was making it clear that every aspect of who we are should reflect our passion for the Lord. At Rochester University, we are endeavoring to live out this commandment.

We intend to promote the spiritual life at Rochester University through academic advising, mentoring, field education, chapel, bible study or any other form. We intend that prayer, worship, dialogue about God and His Word, and fellowship flow through the community of Rochester University.

Chapel Services

Through the convocation, chapel, and other services, we plan to offer services as dynamic times for responding to the Holy Spirit and the truth of the Word. Passionate worship marks these strong times together. Guest speakers as well as faculty members and selected students bring messages of encouragement and challenge from God's Word.

Special Days

The administration and faculty of Rochester University seek to be sensitive to both the needs of the students and the direction of the Holy Spirit. Periodically, a special day of prayer and worship may be called for the purpose of spiritual reflection and renewal, with the entire school community uniting for the day.

Ministry Emphasis

At least once annually, a special series of chapel services is planned for ministry emphasis. The speakers are men and women of God who exemplify Christian leadership in the Church and/or the world.

Church Services

Throughout the book of Acts, we read how God visits His people when they gather together for times of prayer, praise, and worship. Our doctrine calls on us to "identify ourselves with the visible Body of Christ." We interpret this call to mean that each member of the Rochester University community should participate regularly in the life of a local church.

We assemble together in local congregations to allow the Word to work in us with authority and mutual accountability. We do this so that the gifts can work in and through us by the power of the Holy Spirit. We gather as well, to fellowship among God's people, who are the true temple of God by His Spirit. New students are encouraged to visit several churches in the local area prior to selecting a "home church."

We believe it is important for students to attend their home church consistently.

Faculty Advisor

Faculty members at Rochester University have a desire to walk alongside the students in an advisory role as they grow through academic experiences. Faculty members have a variety of ministry and life experiences that can be a valuable resource for the students. Believing that this relationship between faculty members and each student can enhance the student's learning experience and help develop him or her as a sacrificial leader, each student will be assigned to a faculty advisor while enrolled at Rochester University.

Student Services

Rochester University is proud to have a team of faculty, staff and administration that are committed to help our students become leaders to serve communities and the world. To accomplish this, Rochester University endeavor to foster a learning environment in which your character can be nurtured, your life and professional skills can be developed, and where meaningful interaction and dialogue are always encouraged. We also work hard to cultivate a campus atmosphere that supports this process.

The full list of student services is stipulated in the catalog and student handbook. Please be familiar with the policies presented in the handbook. Especially, students must be familiar with student code of conduct and sign the commitment statement indicating that they have read and understood it. We are here to help you. We are excited about your time of study and fellowship at Rochester University.

Students have access to the school and/or its instructors from 9:00 a.m. to 6:00 p.m. Monday through Friday. Classes may be offered at night, so please check class schedules. Student Orientation

Once a student is admitted to the program, he or she will be advised on academic planning. New students will be given an orientation of the school, rules and regulations, and its facilities before the start of the program.

During the orientation, a school administrator will familiarize the student with important operational details such as regarding the school facilities, services, grading policies, and graduation requirements, as described in this catalog. Rochester University welcomes any suggestions as to ways in which any aspect of the school can be improved. Suggestions should be directed to the school's staff or dean's office.

Registration

Registration is processed through the Registrar's Office. Students are to register in person during the scheduled registration days. Registration forms and the schedule of class are available at the Registrar's Office. Late Registration will be allowed through the first week of class and may involve a late registration fee.

Whenever possible, the Registrar's Office will register new students before arrival on campus. Students will receive a copy of their registration form during the New Student Orientation, at which time changes can be made.

All current students are expected to register for the next quarter on the dates designated by the Registrar; otherwise, the Business Office adds a late registration fee to the student's account.

Registration is not complete until all necessary forms (including the textbook order form when appropriate) are filled out, submitted, and signed by the appropriate persons. A student who has not completed registration may not be allowed to take final exams, unless the student has notified the Registrar of his or her intent to withdraw at the end of the quarter.

Student Records and FERPA

The school maintains the privacy of student educational records and students' right to access their educational records in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Students may review their educational records and request amendment of the records to ensure accuracy. Students may restrict release of personal information (the student's name, spouse's name, address, telephone number, program, year of study, dates of attendance, certificate(s) awarded, most recent school attended, and citizenship). Students seeking review, amendment, or restriction should submit a written request to the Main Office. Records of student complaints are similarly maintained in the students records per FERPA (20 U.S.C. § 1232g; 34 CFR Part 99).

Student Government

All registered students are members of the Student Association. The purpose of the student government is to promote fellowship among students and to advance the mission of Rochester University. Activities of the Association are largely supported through student fees. The officers of the Association—President, Vice President, Secretary, and Treasurer—are elected annually by the members. The Student Government consists of representatives from each class plus the student body president. These students serve as a “sounding board” for the administration regarding policies that affect the students. They are also responsible for planning certain student activities such as clubs and social events.

Academic Advising

The Director of Admissions and Dean of Academics are available for academic counseling for students. They are available during regular business hours for consultation with regard to academic or career planning. The scope of academic counseling includes: analyzing personal interests and goals, determining career paths, planning course loads, and developing an overall academic plan for course work and supplemental needs of the student.

All students are provided with personal assistance regarding program requirements and scheduling. In addition, individual assistance and advising are readily available to students with special academic difficulties. Instructors and counselors are available for academic advising. Enrollees are encouraged to request an appointment with their instructor immediately if any scholastic problems arise. All students are urged to take advantage of this valuable assistance.

By interacting with the students and academic progress, instructors will advise students to follow certain methodology, which he/she finds most suitable. Students are encouraged to seek help, or suggest any new ideas to the school at any time.

In addition, Rochester sponsors activities and organizations to foster integration of personal and professional development.

Study Groups

Students are encouraged to form study groups with other students enrolled in the same program. Study groups strongly aid in the learning process through group discussion and exam preparation. Experience has shown that students who participate in study groups improve their overall academic performance and understanding of course subject matter.

The purpose is to encourage in depth discussions on lessons when necessary. The school encourages students to take advantage of free tutoring services.

Rochester University also strongly encourages students to carry health insurance coverage.

Safety and Security

This section describes Rochester University policy related to safety and security on campus.

Fire Alarms / Emergency Exits

When a fire alarm sounds on campus it is imperative that you know what to do and where to go. In an emergency it could save your life and the lives of others. Remember to always exit buildings in a calm and orderly fashion. Failure to evacuate a campus building immediately upon the sound of an alarm is a Level Two Violation and will be dealt with accordingly. Following are basic instructions regarding your response to fire alarms.

If you are in a classroom or office when the fire alarm sounds:

- Remember to feel the door before opening it. If the door is hot, exit another way (e.g., the window) or wait for rescue.
- From a classroom you are to immediately exit the building according to posted exit routes and proceed together to the parking lot in front of the building.
- Professors are to take their roll books with them and take roll outside to ensure that every student is accounted for. Rochester University official will check with each professor before signaling "all clear."
- From an office, you are to immediately exit the building according to posted exit routes and assemble in the parking lot in front of the Lobby entrance.
- No one is to reenter a building until Rochester University official has given an "all clear" indication.

In the Event of an Earthquake

Southern California is prone to earthquakes. If you are inside a building when an earthquake occurs, remember to "Duck, Cover, and Hold."

1. DUCK down
2. Take COVER under a sturdy desk or table or against an interior wall.
3. HOLD this position until the earthquake is over.

During emergencies, tune to a local radio or television station for safety instructions and other official information, or wait for school officials to give the "all clear."

Fire Equipment

Tampering with any fire protection equipment, fire extinguishers or alarm systems is a violation of state law. Any pranks utilizing fire equipment or dangerously harmful substances may also be a violation of state law. Any person found to be in violation of these state laws may be subject to criminal fines and jail time. In addition to any potential prosecution resulting from the violation of these state laws, the Rochester University may impose a fine or administer disciplinary action in accordance with the Student Conduct Code.

Fireworks

Rochester University does not permit any member of the Rochester University community to possess or store fireworks anywhere on campus.

Unlawful Entry

Rochester University property is protected by an intrusion alarm system. Rochester University considers any forced or otherwise unlawful entry into any Rochester University building or office a serious violation. As a result of violating the integrity of this security system or any unlawful entry into a locked building or office, the violator may be turned over to local authorities for prosecution. In addition to any potential prosecution by local authorities, Rochester University may impose a fine or disciplinary action in accordance with the Student Conduct Code.

Identification of Strangers

All students are urged, for their own protection and for the protection of children and other community members, to politely ask any stranger on campus to identify him or herself. Visitors who are uncooperative should be reported immediately to a staff member who will monitor the situation.

Security Tips

1. Avoid walking alone at night and stay in well-lit areas.
2. Walk with a friend. It is less likely that something would happen if there are two of you.
3. Never hitchhike, regardless of the time of day.
4. Always lock rooms and automobiles when they are unoccupied.
5. Always make sure that your apartment, office, or classroom door is locked if you are working or studying late. Remember to never prop doors open for someone else.
6. If you find a door unlocked that should be locked, immediately report this problem to a staff member (Residence Director, Residence Assistant, Dean of Students).
7. Have your key ready to open your car door, especially at night. Your keys can be used as a defensive weapon.
8. Look inside your car before entering; also check vehicle for possible break-ins. Assaultants sometimes hide in the back seat of a vehicle.
9. Do not give your name, address, or other personal information (e.g., Social Security Number, credit card numbers, driver's license numbers) to strangers, either online, on the phone, or in person.
10. Keep money and other valuables locked in a secure place. Money should never be left unattended even in your room or apartment.

11. Record the numbers of all credit cards and bank accounts. Also keep the phone numbers of these companies or banks so that they can be notified if cards are lost or stolen.

Parking

Vehicles must always be parked within marked parking spaces. Reserved parking has been designated for visitors and for the handicapped. Parking in a restricted space without permission is not permitted and may subject the violator to traffic or other penalties. Any vehicle parked on campus that is unlicensed or that is not in a roadworthy condition must be licensed, repaired or removed from campus within 30 days. If the vehicle is not removed, it may be towed at the owner's expense.

Field Education or Community Service

At Rochester University, we believe that an education is not completed only by the acquisition of knowledge, but that a complete education also requires practical application. Therefore, involvement in field education or community service is a vital part of the education process at Rochester University. Students at Rochester University must satisfy specific community service activities in order to fulfill their program requirements for graduation. Students must pass field education as a part of community service requirement to fulfill their degree requirements.

Involvement in community service at Rochester University includes a variety of opportunities available through Rochester University outreaches and service in a local community. The goal and passion for each student's role in community service should be his or her service to the community. To instill this passion and to develop strong sacrificial leaders, the Student Community Service Program stresses personal growth in the following areas:

- Development of strong commitment to the community by active service in a local community;
- Development of personal character traits that are necessary for a sacrificial leader in community; and
- Continual development of personal skills, gifts, and abilities in the work of the community.

Each student must participate in an acceptable community service correlated with his or her specific program of study. To document this involvement, the student must complete a monthly field education report form and turn it into the Dean of Students by the class session of each month.

Community Service is evaluated on a pass/fail basis. The grade for the quarter is based upon the student's reports, a self-evaluation, and an evaluation by a field education supervisor. Students without transfer credit must pass Field Education for a minimum of two quarters for 2 years program or a minimum of three quarters for 4 years program in order to qualify for graduation with a Bachelor's degree.

Specifics of the field education are provided in the Field Education Guidelines, distributed separately.
